

# Romaine Hearts

Romaine hearts are a key part of any produce department and dependable year-round supplies are essential. Our experienced growers produce crisp and delicious romaine hearts 52 weeks a year from the Salinas Valley and Yuma.

We're large enough to fill volume demands, yet small enough to react quickly to pricing proposals. We welcome all types of pricing programs, whether it's set pricing, hi/low, trigger, or a uniquely-tailored contract...we will work with you to develop the best program for YOUR needs.
