

Field Pack Organic Asparagus

Add elegance and quality to the plate with Queen Victoria organic asparagus! A good source of iron, this vegetable is also a flavor favorite, alongside beef, chicken and fish, paired with pasta, or wrapped with bacon.

Consumers have long known asparagus throughout the spring months, but with Ippolito's lengthy growing program, it can be enjoyed throughout most of the year.

Available from

Mexico: mid-September – early April

California: mid February – early July
